New for 2018 - you will be able to drop one round of the series. So if you have a bad day, a breakage or something comes up and you can't make one of the events, you can drop that round and still be competitive in the series.

We had programmed six events for the series this year, unfortunately more than one was rained off and the Blokart track events have been used to bolster the series. Because there was only five events, all events will count with no dropping of a round.
